PROJECTS

- **Personal Portfolio Website** — *HTML, CSS & JS*

A personal portfolio website is a professional website that provides information about what you do, what services you may offer, and how to contact you or your company.

- **E-commerce App - "Flour Buddy"** — *React Native*

Flour-Buddy is a niche-based e-commerce mobile application inspired by platforms like Amazon, specifically designed for **flour (atta)** and **spices (masala)** products. The app provides users with a seamless experience to browse, search, and purchase a wide variety of kitchen essentials from multiple vendors.

- **Cash Denomination App** — *React Native*

A React Native cash denomination app is a mobile application that helps users to track and manage cash denomination. It allows users to input the quantity and value of each denomination and the app automatically calculates the cash value.
